## Your donation can help!

Many children in our local communities will be facing hunger this summer. Kids receiving free/reduced meals during the school year often suffer malnutrition and do not have enough food during the summertime, seriously impacting their physical and mental health. When school gets out there is a sudden increased need for food in households already experiencing poverty, creating a hunger crisis in the summer for families in our area.

The Attleboro Area Interfaith Collaborative, Kids Summer Café program combats hunger by providing children in a healthy lunch when school is not in session. Free-bagged lunches are distributed three times a week at four local playgrounds in Attleboro.
