

## TCC Covid Cleaning

### Bathrooms

- Bathrooms will be sprayed with a disinfecting spray recommended for sanitizing per Covid guidelines. This will be done two days or fewer before the church doors open, and when the service is over.

### Sanctuary and Classrooms

- All areas in the sanctuary and classrooms being used will be sprayed with a disinfecting spray recommended for sanitizing per Covid guidelines. This includes pews, door knobs, tables in classrooms, stairwells, and railings. This spraying will take place two days or fewer prior to opening the doors to worshipers, and when the service is over.

### Hand Sanitizers

- Hand sanitizers are placed at all entrances. They are not necessary in the bathrooms as soap and water is actually preferable to hand sanitizers.

## Cleaning Products:

### **ZEP quick clean disinfectant**

Alkyl C<sub>14</sub>, 60% C<sub>16</sub>, 30% C<sub>12</sub> 5%, C<sub>18</sub> 5%) dimethyl benzyl ammonium chlorides 0.15%
